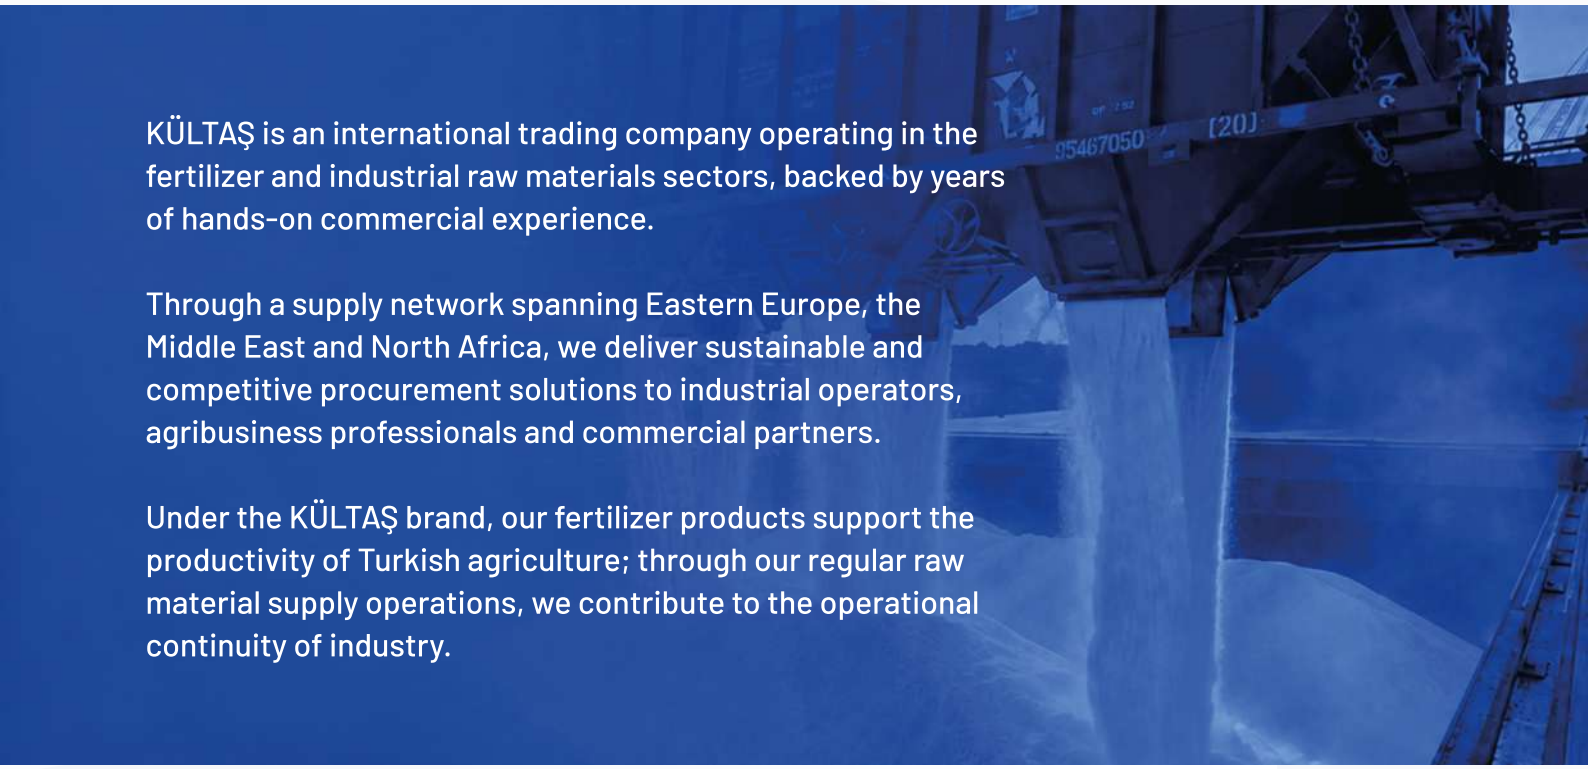
KÜLTAŞ

Fertilizers and Raw Materials



KÜLTAŞ is an international trading company operating in the fertilizer and industrial raw materials sectors, backed by years of hands-on commercial experience.

Through a supply network spanning Eastern Europe, the Middle East and North Africa, we deliver sustainable and competitive procurement solutions to industrial operators, agribusiness professionals and commercial partners.

Under the KÜLTAŞ brand, our fertilizer products support the productivity of Turkish agriculture; through our regular raw material supply operations, we contribute to the operational continuity of industry.

Agricultural Solutions & Fertilizer Supply

Supply of nitrogen, phosphate and potassium fertilizer groups required by agricultural production, backed by the KÜLTAŞ brand and quality assurance.

Global Raw Material Trading

Import, export and transit trade in petrochemicals, polymers, chemicals and metals, with direct access to producer sources across key origin markets.

Integrated Logistics Operations

End-to-end operation management and on-time delivery across road, sea and rail transport, supported by established regional logistics partnerships.

Why KÜLTAŞ?

- **Strong supply connections across Eastern Europe, the Middle East and North Africa** Direct access to producer sources and long-standing commercial relationships.
- **Broad product portfolio** Multi-sector procurement spanning fertilizers, petrochemicals, polymers and metals — single-point-of-contact process management.
- **Years of accumulated trading expertise** Deep-rooted commercial networks and in-depth regional market knowledge.
- **Integrated logistics infrastructure** Consistent operational track record across road, sea and rail.
- **Flexible and efficient supply model** Fast, cost-effective process management through our nationwide partner network across Turkey.

Fertilizers & Agricultural Inputs

- Urea 46% N (Prilled / Granular)
- Diammonium Phosphate (DAP 18-46-0)
- Monoammonium Phosphate (MAP 12-61-0)
- Muriate of Potash (MOP / KCl)
- Sulphate of Potash (SOP)
- Ammonium Sulphate (AS 21% N)
- Ammonium Nitrate (AN 34.5% N)
- Triple Super Phosphate (TSP 46% P_2O_5)
- UAN Solution (UAN-32)

Industrial Chemicals

- Caustic Soda (Sodium Hydroxide — Flakes / Liquid)
- Sulphur (Granular / Lump)
- Ammonium Chloride
- Soda Ash (Light & Dense)
- Acids (Sulphuric, Hydrochloric, Phosphoric)
- Solvents
- Other Industrial Chemicals

Polymers, Plastic Raw Materials & Films

- Polyethylene (PE — HDPE / LDPE / LLDPE)
- Polypropylene (PP — Homo / Copo)
- PVC (Suspension & Emulsion Grade)
- PET Resin (Bottle & Fibre Grade)
- Recycled PET (rPET)
- PE Compound
- BOPP Film
- CPP Film

Petrochemical Products

- Base Oil (Group I / II)
- Slack Wax
- Paraffin Wax (Fully / Semi-Refined)
- White Oil
- Imported Thermal Coal

Metals

- Copper (Cathode / Wire Rod)
- Zinc (SHG Ingot)
- Aluminium (Ingot / Scrap)
- Recycled / Secondary Metals

Our Agricultural Products

- Homogeneous Granule Structure
- Rapid Dissolution
- High Agronomic Efficiency
- Low Dust Formation
- Easy Storage & Application

Net Weight: **50 kg** | Nitrogen (N): **%46 (min.)**
Form: **Granular / Pril**

- Dual Nutrient Supply
- Rapid Nitrogen Availability
- Soil Acidification Effect
- Excellent Flowability
- Broad Crop Compatibility

Net Weight: **50 kg** | Form: **Crystal / Granular**
Sulphur (S): **%24 (min.)** | Nitrogen (N): **%21 (min.)**

- High Purity
- Soil pH Correction
- Fungicidal Effect
- Slow Release Mechanism
- Easy Storage & Handling

Net Weight: **50 kg** | Sulphur (S): **%99 (min.)**
Form: **Granular / Pastille**

- High Phosphorus Concentration
- Dual Nutrient Formula
- Water-Soluble Phosphate
- pH-Neutral Dissolution
- Versatile Application

Net Weight: **50 kg** | Form: **Granular**
Phosphorus (P_2O_5): **%46 (min.)** | Nitrogen (N): **%18 (min.)**
